

FAMILY ACCESS NEW FEATURES

Calendar

A new interactive calendar is now at your finger tips. This calendar will show you assignments and grades based on due dates, attendance, along with special posted messages. You can define your view by simply checking or un-checking the selections at the bottom of the screen.

District Links

Look for the special links on the left of the screen to take you directly to your school's home page, the BISD home page or other important information.

Log Ins and Passwords

In the past you could only change your password. We have now added the ability for you to change your log in as well. Be sure to keep your log in and password safe. If you forget your log in or password you can request it be sent to your e-mail address. Be sure to keep your e-mail address up to date in Family Access. *Remember, if you share your log in with anyone they could change it, locking you out.*

Message Center

Administration will now be able to post special messages to parents via the Message Center.

Graduate Information

Beginning with the 2009 class, graduated students will be able to log in to Student Access for 30 days after graduation.
