### To add students as a teacher:

1. Log in to <http://www.successnetplus.com/>
2. In the **Products and Classes** channel locate the class where you would like to add students, and select the **Enrollments** link. If no classes exist for this product you must first create a class.
3. Click the **Create New** button.
4. Select the user type, **Enroll from School**, or **Import Students**.

### To add students as an administrator:

Log in to <http://www.successnetplus.com/>

1. Click the **Organization** where the students will be placed.
2. On the users tab, click **Add Users**.
3. Select the user type, or **Import Users from File**.
