The student agrees to diligently perform the work-based training experiences and conscientiously pursue the coordinated classroom course of study as outlined in the attached training plan. Work-based training experiences will be assigned by the training sponsor and performed according to the same company policies and regulations applicable to regular employees. The student agrees to take advantage of every opportunity to improve his or her efficiency, knowledge, and personal traits in order to pursue further education and enter the chosen occupation as a desirable employee.

The company and school are responsible for providing students with opportunities for training in the basic skills of an occupation and knowledge of related technical information. In order to provide a systematic plan for well-rounded training, a schedule of work-based training experiences and a parallel classroom course of study have been coordinated and agreed upon by the training sponsor and teacher-coordinator.

It is understood that the work-based training experiences will be unpaid. In order to qualify for an exemption from wage requirements, all six of the following criteria must be met: 1) training, even though it includes actual operation of the facilities of the employer, is similar to that which would be given in a career-technology program; 2) training is for the benefit of the students; 3) the students do not displace regular employees, but work under their close observation; 4) the employer that provides the training derives no immediate advantages from the activities of the students, and on occasion operations may actually be impeded; 5) the students are not necessarily entitled to a job at the conclusion of the training period; and 6) the employer and the students understand that the students are not entitled to wages for the time spent in training.

The training period begins the _____ day of _____, 20____, and extends through _____, _____.

There will be a probationary period of _____ days during which the interested parties may determine if the student has made a wise choice of an occupational training area, and if the training should be continued.
